

## REGISTRATION & WEBSITE

Our online registration goes through our partnership with <https://www.bikinguru.com/> .

The only cost incurred is when people register. The fee is only 4% of the registration cost plus \$1 as part of a PhotoCrazy package. So for example, an \$80 registration would be  $\$80 \times .04 + \$1 = \$4.20$ . This can be taken out of the \$80 or added so the registrant pays \$84.20.

You will find BikingGuru Registration much more flexible and robust than other services.

**BikingGuru.com will also prepare a dynamic and customized website for you at no additional cost.** Here is an example what they proposed for the Almond Blossom Ride:

<http://www.bikinguru.com/E1.asp?eID=AlmondBlossom>

BikingGuru.com offers many additional services at no extra cost as part of a PhotoCrazy package. <https://www.bikinguru.com/RaceDirector/OnlineTools.asp>

If you want to contact BikingGuru directly, talk, text or email John Hutchinson at 303-882-2400 or [John@RunningGuru.com](mailto:John@RunningGuru.com).

Please tell John that you were referred to them by Peter Wolf from PhotoCrazy.

PhotoCrazy would typically coordinate packet pickup and day of event registration. This could include custom or standard Bib Numbers and Wristbands. There may be additional charges for Bib Numbers or Wristbands but the RFID Helmet Labels are free.
